[*Note.*—The tank known as Venu Gopalaswami Tank is reserved solely for the supply of drinking water to the inhabitants of the Devanhalli Town. The provision to reserve any other source of water supply from time to time is very necessary, as some ponds or tanks have to be reserved every year during jatra season, only for a short time. Therefore, power has been taken to the Municipal Council to reserve any other source f water supply from time to time. Similar power has been given by statute alone to the Municipal Councils to reserve sources of water from time to time for bathing and washing purposes under section 133 of the Mysore Municipal Regulation. Now power is taken to reserve for the supply of drinking water.]

temple. It is therefore prayed that the said amount may be arranged to be transferred to 6½ per cent State Loan Bonds or 5 per cent Government Savings Bank Deposit.

*Resolution.*—A recommendation may be sent to the Muzrai Commissioner.

The raiyats of Kammasandra of Kolar Taluk are impounding large quantity of water by putting an earthen wall on the kodi of Ayyanakere of the village, an abandoned tank and are actually selling water to the atchkatdars of Uttanur tank. If this is allowed, the atchkat lands of Lakshmisagara tank becomes submerged and other important serial tanks such as Holali, Bethamangal and Ramasagara will be injuriously affected. It is therefore prayed that orders be passed prohibiting the raiyats from doing so.

*Resolution.*—The Deputy Commissioner may be addressed to take necessary action.

8. Manjalanagara tank is in a state of utter disrepair. If at any time the tank fills, the supply will be hardly enough for eight days. If the tank is properly repaired the annual yield of the atchkat will be more than Rs. 300 and in its present condition, it is very little benefit to the raiyats. It is therefore prayed that the tank be repaired so as to impound water enough to raise one crop.

11. Mr. Venkatasamegowda, Mylaganahalli.

The Manchenahalli-Hindupur road, *via* Namagondlu is in a very bad condition with the result that raiyats and cattle are subjected to great inconvenience. It is therefore prayed that this road as far as Myalya and Jodi Hunsenahalli villages be made a local fund road.

*Resolution.*—The question is under consideration.

79. Letter No. L. 1231-8—L. B. 72-28-1, dated 2nd—7th August1928. from the General Secretary to Government calling for the opinion of the Board in the matter of constitution of a "Road Fund" in the District Board Budget.

(Resolution No. 18 of the District Board, meeting dated 4th and 5th October 1928 :—May be referred to the Standing Committee).

*Resolution.*—The Standing Committee are in favour of the constitution of a "Road Fund" on the lines indicated in the Government Order, as it will enable special attention being paid to roads as funds become available.

As regards making an initial grant to this fund, the Standing Committee desire to point out that the income and expenditure of the District Board almost balance each other and there is no surplus available to be set apart for the "Road Fund". In these circumstances, a request may be made to Government to allot a sum of Rs. 25,000 out of the irrigation cess collections towards the improvement of communication in the District every year for at least the next 5 years.

*Resolution of the District Board.*—The resolution of the Standing Committee is approved.

80. Resolution by Mr. B. Gopalachar, District Board, Member :—

This Board recommends to the Government that a loan called "District Board Debenture Loan" be raised for the purpose of construction of important bridges as contemplated by the District Board to afford better facilities of communication. This said loan should be raised on the security of Government and to an extent of 10 lakhs or any sum as required by the District Board for the purpose.

(Resolution No. 58 (*a*) of the District Board meeting dated 4th and 5th October 1928 :—This is a large question involving consideration of ways and means of for meeting the interest and sinking fund charges. May be referred to the Standing Committee).

*Resolution.*—The Standing Committee are of opinion that although the following Bridge works are really urgent, the question of finding out ways and means and financing them is difficult and compticated.

1. Tunga Bridge at Tirthahalli.
2. Menasgar Bridge, on the Sharavaty.
3. Holehonnur Bridge, on the Bhadra.

The cost of these three works roughly amounts to Rs. 6 lakhs. Assuming that the Government will be pleased to meet moiety of the cost of these schemes, the District Board will have to raise a loan to the extent of 3 lakhs, the rate of interest payable being between 5 and 6 per cent. The annual interest charges would amount to Rs. 18,000 and to this, sinking fund charges would have to be added. The total annual liability would roughly amount to Rs. 25,000 or 30,000 for a period of 20 or 25 years as the case may be. By the levy of bridge tolls, it may be possible to realise about Rs. 8,000 annually. The balance would have to be met out of the ordinary resources of the Board. As the finances of the Board cannot bear this strain, it will be necessary to propose additional taxation in the shape of a cess for the period of the loan. This question should, therefore, be referred to the Board itself for consideration. The additional cess to be levied will at least be 6 pies in the rupee in the Taluks in which these works are to be carried out.

*Resolution of the District Board.*—Further details regarding sinking fund and interest charges in the case of each work may be calculated and furnished for the information of the Board.

81. Resolution by Messrs. B. Gopalachar and Tudaki Ramannagowda, District Board Members:—

That in view of the importance of the Tunga Bridge at Tirthahalli and other bridges in the District, there being sufficient local support to subscribe for a District Board Debenture Loan of 6 per cent interest, free of income tax and guaranteed by the Government, it is resolved hereby that necessary arrangement may be made to raise such a loan of Rs. 2 lakhs and to begin the construction of the bridges in the District.

(Resolution No. 58 (*a*) of the District Board meeting dated 4th and 5th October 1928:—Resolved that the subject be referred to the Standing Committee for examination in the first instance).

Resolution.—*Vide* above resolution.

*Resolution of the District Board.*—*Vide* Resolution No. 80.

82. Construction of a Musafirkhana or Rest-house at "Jog" at a cost of Rs. 5,000. The cost will be met from the funds of the District Board and will be spread over a period of two years. The work will be entrusted to the Forest Department, who have agreed to supply timber required for the building free of cost.

*Resolution*—The need for a Musafirkhana at Jog is really great. The poorer class of travellers have no accommodation there and it is seen that large numbers of them visit the falls during the season.

The construction of a Musafirkhana at Jog at a cost of Rs. 5,000 may therefore, be sanctioned early. There are savings under certain heads this year, *viz.*, sanitation and epidemic charges. This amount may be utilised for the scheme and the balance included in the next year's budget.

*Resolution of the District Board.*—The construction of a Musafirkhana at a cost not exceeding Rs. 5,000 is sanctioned. The work may be got executed through the Forest Department. Expenditure during the current year on account of this work may be met out of reappropriation in the current year's budget savings under "Sanitation and epidemic charges". The estimates and plans may be obtained early.

83. Improving the Jog-Aralgode road in Sagar Taluk.

*Resolution.*—A grant of Rs. 500 may be made for widening the road and making other small improvements, the work being got done through the Forest Department, the amount being met out of the savings under "Civil works".

*Resolution of the District Board.*—Sanctioned.

84. Estimate for Rs. 2,072 for improving the Kodachadri Bridle path by cutting the hill slopes and forming a road fit for vehicular traffic from Sampekatte to the foot of the hill about two miles in length.

*Resolution.*—The estimate may be sanctioned and the work got executed, the expenditure during the current year being met out of Irrigation Cess grants as per revised statement of Irrigation Cess Works.

*Resolution of the District Board.*—The estimate is sanctioned. The expenditure during the current year may be met out of Irrigation Cess Funds as proposed.

85. Modified statement showing the funds allotted from the Irrigation Cess funds for works to be carried out by the Public Works Department during the year 1928-29.

Memo No. A2. C. 632—28-29, dated 18th March 1929, from the Deputy Commissioner, Shimoga District, forwarding copy of Government Order No. R. 7406-9—L. R. 181-28-9, dated 13th March 1929, issuing certain instructions in the matter of utilisation of grants made out of the Irrigation Cess Funds for the proper upkeep of roads and bridges in the District.

*Resolution.*—The revised statement of works furnished by the Executive Engineer is approved.

The Standing Committee are of opinion that in view of the very bad condition of several important roads in the District, which are trade routes and in view of the complaints made to Government by the representatives of the people, it is very necessary that special repairs should be carried out to these roads as early as possible. There are a few bridge works which are also very urgent and which have been taken up after being sanctioned by the Board. The District Board is annually setting apart a sum of Rs. 10,000 to Rs. 15,000 for special repairs and original works out of their funds. As this amount is quite insufficient Government aid was sought for to utilise the unspent balances of Irrigation Cess Funds out of each year's collections for road improvements. Although grants for road works from Irrigation Cess Funds may not be made a permanent charge on the funds, it may be respectfully urged that for the next 5 years at least a sum of Rs. 25,000 per year be given to this District to supplement their resources and put the important District Fund Roads and Bridges in order.

As regards repairs to District Fund Roads carried out of Irrigation Cess Funds, special sanction of Government has already been obtained to incur such expenditure. Such expenditure will be incurred only in very urgent and exceptional cases. The revised list of works prepared by the Executive Engineer and the explanatory memo accompanying the same explains the need for expenditure on the works in question.

*Resolution of the District Board.*—The resolution of the Standing Committee is aproved and the revised list of Irrigation Cess works is sanctioned. The District Board also respectfully and strongly urge for the consideration of Government the need for making grants for roads out of Irrigation Cess Funds for the next five years at least to the extent recommended by the Standing Committee which represents the main requirements of the District.

## ANNEXURE III.

PROCEEDINGS OF THE MEETING OF THE STANDING COMMITTEE OF THE DISTRICT BOARD, SHIMOGA, HELD AT 4 P.M., ON THURSDAY THE 21ST MARCH 1929, IN THE DISTRICT OFFICE, SHIMOGA.

1. Letter No. L. 1231-8—L. B. 72-28-1, dated 2nd—7th August 1928, from the General Secretary to Government calling for the opinion of the Board in the matter of constitution of a "Road Fund" in the District Board Budget.

(Resolution No. 18 of the District Board Meeting, dated 4th and 5th October 1928. May be referred to the Standing Committee).

*Resolution.*—The Standing Committee are in favour of the constitution of a "Road Fund" on the lines indicated in the Government Order, as it will enable special attention being paid to roads as funds become available.

As regards making an initial grant to this fund, the Standing Committee desire to point out that the income and expenditure of the District Board, almost balance each other and there is no surplus available to be set apart for the "Road Fund." In these cirsumstances, a reqest may be made to Government to allot a sum of Rs. 25,000, out of the irrigation Cess collections towards the improvement of communications in the District every year for, at least, the next five years.

2. Resolution by Mr. B. Gopalachar, District Board Member:—

This Board recommends to the Government that a loan called "District Board Debenture Loan." be raised for the purpose of construction of important bridges as contemplated by the District Board to afford better facilities of communication. This said loan should be raised on the security of Government and to an extent of ten lakhs or any sum as required by the District Board for the purpose.

(Resolution No. 58 (*a*) of the District Board meeting, dated 4th and 5th October 1928. This is a large question involving consideration of ways and means for meeting the interest and sinking fund charges. May be referred to the Standing Committee)

*Resolution.*—The Standing Committee are of opinion that although the following Bridge Works are really urgent the question of finding out ways and means and financing them is difficult and complicated.

1. Tunga Bridge at Tirthahalli.
2. Menasgar Bridge on the Sharavaty.
3. Holehonnur Bridge on the Bhadra.

The cost of these three works roughly amount to Rs. 6 lakhs. Assuming that the Government will be pleased to meet a moiety of the cost of these schemes the District Board will have to raise a loan to the extent of 3 lakhs, the rate of interest payable being between 5 and 6 per cent. The annual interest charges would amount to Rs. 18,000 and to this sinking fund charges would have to be added. The total annual liability would roughly amount to

Rs. 25,000 or Rs. 30,000 for a period of 20 or 25 years as the case may be. By the levy of bridge tolls, it may be possible to realise about Rs. 8,000 annually. The balance would have to be met out of ordinary resources of the Board. As the finances of the Board cannot bear this strain, it will be necessary to propose additional taxation in the shape of a cess for the period of the loan. This question should, therefore, be referred to the Board itself for consideration. The additional cess to be levied will at least be six pies in the rupee in the Taluks in which these works are to be carried out.

3. Resolution by Messrs. B. Gopalachar and Tudaki Ramanna Gowda, District Board members :—

That in view of the importance of the Tunga Bridge at Tirthahalli and other bridges in the District, there being sufficient local support to subscribe for a District Board Debenture Loan of 6 per cent interest free of income-tax and guaranteed by the Government, it is resolved hereby that necessary arrangement may be made to raise such a loan of Rs. 2 lakhs and to begin the construction of the bridges in the District.

(Resolution No. 58 (a) of the District Board Meeting, dated 4th and 5th October 1928 :—Resolved that the subject be referred to the Standing Committee for examination in the first instance.)

*Resolution.—Vide* above resolution. (No. 2.)

4. Construction of a Musafirkhana or Rest-house at "Jog" at a cost of Rs. 5,000. The cost will be met from the funds of the District Board and will be spread over a period of two years. The work will be entrusted to the Forest Department, who have agreed to supply timber required for the building free of cost.

*Resolution.*—The need for a Musafirkhana at Jog is really great. The poorer class of travellers have not accommodation there and it is seen that large numbers of them visit the Falls, during the season.

The construction of a Musafirkhana at Jog at a cost of Rs. 5,000 may, therefore, be sanctioned early. There are savings under certain heads this year, *viz.*, sanitation and epidemic charges. This amount may be utilised for the scheme and the balance included in the next year's budget.

5. Improving the Jog-Aralgode Road in Sagar Taluk.

*Resolution.*—A graut of Rs. 500 may be made for widening the road and making other small improvements, the work being got done through the Forest Department, the amount being met out of the savings under "Civil Works."

6. Estimate for Rs. 2,072 for improving the Kodachadri Bridle Path by cutting the hill slopes and forming a road fit for vehicular traffic from Sumpekatte to the foot of the hill about two miles in length.

*Resolution.*—The estimate may be sanctioned and the work got executed, the expenditure during the current year being met out of Irrigation Cess grants as per revised statement of Irrigation Cess Works.

7. Modified statement showing the funds allotted from the Irrigation Cess Funds for works to be carried out by the Public Works Department during the year 1928-29.

Memo No. A2. C. 632—28-29, dated 18th March 1929, from the Deputy Commissioner, Shimoga District, forwarding copy of G. O. No. R. 7406-9—L. R. 181-28-9, dated 13th March 1929, issuing certain instructions in the matter of utilisation of grants made out of the Irrigation Cess Funds, for the proper upkeep of roads and bridges in the District.

*Resolution.*—The revised statement of works furnished by the Executive Engineer, is approved.

The Standing Committee are of opinion that in view of the very bad condition of several important roads in the District, which are trade routes and in view of the complaints made to Government by the representatives of the people, it is very necessary that special repairs should be carried out to these roads as early as possible. There are a few bridge works which are also very urgent and which have been taken up after being sanctioned by the Board. The District Board is annually setting apart a sum of Rs. 10,000 to Rs. 15,000, for special repairs and original works out of their funds. As this amount is quite insufficient, Government aid was sought for, to utilise the unspent balances of Irrigation Cess Funds out of each year's collections for road improvements. Although grants for road works from Irrigation Cess Funds may not be made a permanent charge on the funds, it may be respectfully urged that for the next five years at least a sum of Rs. 25.000 per year be given to this District to supplement their resources and put the important District Fund Roads and Bridges in order.

As regards repairs to District Fund Roads carried out of Irrigation Cess Funds, special sanction of Government has already been obtained to incur such expenditure. Such expenditure will be incurred only in very urgent and exceptional cases. The revised list of works prepared by the Executive Engineer and the explanatory memo, accompanying the same, explains the need for expenditure on the works in question.
